## Electoral Literacy Club

1. Yes, the Electoral Literacy Club has been set up in our college
2. Yes, the Electoral Literacy Club is functional and representative in character and the structure that is decided is stated below

### Structure of ELC

**Nodal Officer**— Lpsy Mohanty Roy

**Executive Committee** --

1. Debasish Roy (TS)
2. Sipra Tudu(TS)
3. Sukanya Mukherjee (SACT)
4. Nimai Sheet (NTS)
5. Students from Semester III & V

Executive Committee is to be formed with 3 teachers, 1 office staff and 4 student representatives from all semesters. The Nodal Officer also does mentor the club. Apart from members, students act as volunteers to assist in the activities of club. The District Collector, who is also **District Election Officer (DEO)** and **Electoral Registration Officer**, guidance is sought in our endeavour.

3. The said Club is formed to generate awareness about their **political right i.e. right to vote**. It works as **Voter Awareness Forum (VAF)** for staff and newly admitted students. It is quintessential to motivate the voters so that politically apathetic denizens realise that '**one man one vote**' is a very effective weapon to bring about change in democracy. The target will be to create **Empowered (Prospective) Voter**. Every vote and opinion counts in democracy.

Thought provoking games, classroom activities, quiz, outreach programmes etc are organised at regular intervals to create informed electorates.

The future voters will be informed about process of registration and voting. All must exercise their voting rights.

As majority of our students are from socially, educationally and economically backward sections of society and most of them are first generation learners, it is possible to reach out to the community and marginalized sections through the students.

4. Poster competition, awareness session and preparation of Handbook for voters are part of Plan of Action (POA) of ELC. Mock election will be staged to generate awareness about voting process and furnish with first hand information. Election issues or agenda can be taken up to organise debate and healthy discussion on specific problems.

5. A drive will be taken through Google Form to find out how many admitted students have enrolled themselves as voters in the electoral roll if not, then what are the issues to be addressed upon.

Last but not the least students will encourage all the voters to exercise their right in free and fair means (ethical voting).
