FEEDBACK ANALYSIS REPORT

SESSION 2023-24

This year the institution has obtained feedback from its stakeholders like students, teaches, alumni and parents through online questionnaire survey. The analysis part has been done by the feedback subcommittee in a semi quantitative manner like the previous sessions. On the basis of the analysis, the areas that need to be addressed have been identified and placed to the IQAC for taking required actions.

STUDENTS' FEEDBACK ON CURRICULUM AND ACADEMICS:

Most of the students are highly satisfied with the subject and course options available, quality of teaching delivered by the teachers, regularity of the teachers in attending the classes, teachers' knowledge on the subject, clarification of the questions raised in the class etc. as the weighted average score obtained for those aspects are all above 4 on a 5 point scale. The opinion of the students regarding all other parameters of academics is also satisfactory as all the weighted scores of the remaining parameters are well above the target level i.e 3. However, after going through the feedbacks, the Feedback subcommittee suggests more use of ICT tools in teaching-learning process.

STUDENTS' FEEDBACK ON INFRASTRUCTURE AND OTHER FACILITIES:

The students are highly satisfied with campus ambience and institutional concern about ragging free campus (weighted average score above 4 out of 5). They also express their satisfaction regarding guidance and assistance of the Principal/TIC, Students' welfare measures adopted by the institution, assistance for getting scholarship, number and cleanliness of the class rooms, cleanliness of the campus, security service etc. (weighted average score above 3.5 out of 5). However, some of the students have raised concern about the canteen facility, boys' common room, and toilet facility for the specially-abled students.

FEEDBACK FROM THE TEACHERS:

The teachers have expressed their satisfaction regarding the curriculum which according to their opinion ensures holistic development of the students and enables the teachers to adopt

Principal
Sammilani Mahavidyalaya
E.M. Bypass, Baghajatin
Kolkata-700094

innovative methods of teaching. The teachers are also satisfied with the library and laboratory facilities. The students' performance and cooperation are also satisfactory as per their view. The teachers have appreciated the role of college authority in providing them with statutory facilities and doing welfare activities for them. The areas to be addressed as per their opinion are installation of more ICT enabled room and up gradation of classroom and canteen facilities.

ALUMNI FEEDBACK:

The feedback received from the alumni of the institution shows that about 40% of our alumni are pursuing higher education, 20% are doing B.Ed or other professional courses and the remaining 40% are engaged in service or business. It is noted that about 90% of alumni frequently visit college on different occasions and are in touch with their respective departments due to various academic reasons. The alumni highly appreciated the teaching learning of the college, the library and laboratory facilities. It has been found that 60% of the total alumni of our college are member of the registered alumni association of the institution. They have expressed some dissatisfaction about the college canteen and sports facility.

FEEDBACK FROM THE EMPLOYERS:

Feedback from the employers helps the institution to find out whether the knowledge and skill, acquired by our students are sufficient for the job market, or not. We are fortunate enough that the employers of our passed out students are highly satisfied with their level of knowledge and skill. The weighted average score calculated for all the 15 parameter are well above 4, out of 5 and some are even above 4.5.

Areas to be addressed:

On the basis of the feedback analysis the feedback sub-committee has identified the areas needed to be improved as follows:

- Provision of more ICT enabled class rooms.
- More smart class rooms.
- To provide one laptop to each department.
- Up gradation of classroom, toilet, canteen etc.
- To repair and purchase more furniture.
- To conduct more Certificate/ value added courses.

Dr. Sumita Das

Convenor, Feedback subcommittee.

ACTION TAKEN REPORT (ATR)

SESSION 2023-24

On the basis of the feedback analysis report, the IQAC placed some proposals before the Governing Body, and after approval of the G.B, the following actions have been undertaken:

- Two more classrooms have been upgraded into ICT-enabled classrooms to ensure more use of ICT in the teaching-learning process. Now the total number of ICT-enabled rooms has increased to 18.
- Some of the existing ICT-enabled rooms have been upgraded to smart class rooms with required facilities.
- Each department has been provided with a laptop for doing departmental work.
- Quite a handful of computers with accessories have been purchased for different departments and laboratories.
- Construction work on four new classrooms is about to be completed in the new building. Besides, the existing classrooms have been renovated and upgraded wherever necessary.
- Furniture has been purchased as per the requirement.
- Thirteen Certificate/Value Added courses on a wide range of topics have been conducted for the students by different departments to ensure their holistic development.
- Besides, the career counseling and placement cell has introduced a number of courses, including the course on basic life support skills.
- The existing toilets have been renovated and upgraded.
- A new canteen committee has been formed to look after the infrastructure and food quality of the canteen. Under the supervision of the committee, strict and regular monitoring of the food quality has been initiated, and infrastructural upgrades have been done.
